Jon Babbitt, Supervisor

I am writing to explain that the Alger County Road Commission Board has directed me to insure that Food Trucks do not operate within County Road right-of-way. A similar situation to the Grand Marais Avenue issue occurred along H-58, near Melstrand, in 2023 and 2024. The Road Commission board directed me to contact the individual and request that they move all operations beyond the right-of-way. After discussion of the safety aspects of occupying the road edge with the food truck unit and the customers that it attracted, the owner agreed to relocate.

Thank you for understanding the concern for public safety.

Robert L. Lindbeck,

Engineer-Manager

ALGER COUNTY ROAD COMMISSION
